FOREIGN TRADE IN CHINA. A very significant announcement is made by Messrs, Gornon Brothers, of Hankow, in their last commercial circular dated the 8th instant. They write as follows in reference to the Piece Goods Market :- "I is with regret that we feel ourselves compelled to discontinue after this date the portion of our Market Report applying to manufactured goods and Imports generally, but foreigners here being now almost entirely out of this branch of trade, and there being no immediate prospect of their again re-entering it. our advices under the circumstances would accumulated in the hunde of the holder ho is be of no value."
